#### From the Principal Cambridge History Night

On Wednesday evening, the third grade students performed incredible dramatizations of the history of Cambridge. The plays were written by the children and were all wonderful! The scenery and music were exceptional. After the performance, I kept saying "It doesn't get any better than that!" We are very proud of our students for all their hard work and grateful to the adults who helped to make it all happen. Mrs. Cota and Mrs. Longley along with their student teacher Miss. Young spent countless hours preparing for this much anticipated annual event. I would also like to thank our dedicated Cambridge residents who assisted the students with their historical research. Below you will see scenes from the reenactment of the flood that named Pumpkin Harbor Road and the big gymnasium fire of 1966. Also pictured below are the jubilant directors Mrs. Cota and Mrs. Longley following the performance.

#### Starbase Launching Day:

5<sup>th</sup> graders participated in a 6 week Starbase program which focused on math, science, technology, and team building. As a culminating event, the fifth graders launched rockets and hot air balloons.

#### CES T-Shirts & Water Bottles For Sale

You will find an order form for t-shirts and water bottles attached to this newsletter. These are locally printed shirts which will be distributed by June 3<sup>rd</sup>. Show your school spirit and support our activity fund. **ORDERS DUE BY MAY 23<sup>rd</sup>.**

#### Laura's Question Corner

Now that it is nice weather many people are dropping their children off early (before 7:30am) to play with other children. One question that has been asked is, "Who watches these children until they are able to enter the school at 7:30?" The answer is no one. The school does not provide supervision until 7:30. If you drop your child off before the bell rings at 7:30 please remind them to be safe and respectful of the people trying to enter the building.

Thanks,  
Laura Miller
